

## what makes us shine

We're multi award winning integrators, combining theatrical design with industry leading energy-efficient LED products, to deliver stunning architectural lighting solutions across the UK and Europe.

By blending our decades of experience and in-house creative capabilities with bespoke manufacturing and systematic partnerships, we consistently exceed the expectations of clients, contractors and end users.

Backed up by a wealth of accreditations and knowledge, you can rely on us to overcome technical challenges, developing lighting schemes that are built to last.

# illuminating environments

LTP Integration's interior and exterior architectural lighting solutions are tailored to suit project specifications, environmental considerations and required lighting performance – realising the ambitions of architects, designers, contractors and customers.

Covering a range of market sectors, we are equally adept at applying our proficiency to commercial properties and new build structures, as we are to listed buildings and historic monuments.

Our industry pedigree and reputation are key reasons why our clients keep turning to us to assist in the delivery of new projects.

### brilliant collaborations

As a business, we thrive on relationships and synergy. We work creatively with architects, designers, manufacturers, structural engineers and contractors to create dynamic, energy-efficient and robust lighting installations. Don't just take our word for it...

#### 66

"LTP Integration have been superb; bringing extensive local knowledge, history and other invaluable bonuses to the table." Richard Williams — Project Manager, Philips Lighting

#### 66

"The outcome of the lighting has far exceeded our expectations and offers the site an additional attraction to increase interest in this historic landmark."

Mike Saddington – Contract Manager, RLD Construction

#### 66

"From the moment we met the [LTP Integration] sales team, we were happy to be discussing and eventually appointing a first-class company to work with us on the prestigious project. We were highly pleased with the whole company package."

Steve Lloyd – Sales Coordinator, Briton Fabricators

#### 66

"The sculptures and the LED installation are breath-taking, thanks to your work."

Agostino Ghirardelli – Principal Technical Director, Studio Libeskind Milan

#### 66

"I think the best way to describe the lighting scheme is by the reaction of the public in the area at the time, which has been WOW!" Kevin Dyer – Head of Technical Operations, London Eye

#### 66

"We continue to receive positive feedback from the public regarding the bridge lighting, with the local branch of the RNLI recently using the illuminated bridge as a backdrop for press photography."

Arthur Davies — Harbour Master, Rhyl Harbour

#### 66

"LTP Integration and the team have provided us with a sustainable, energy-efficient solution that complements the ethos of the new development – they have been a pleasure to work with."

Valli Van Zijl – Project Manager, LandProp

# product integration & innovation

LTP Integration's industry experience, pedigree and purchasing power means we can provide leading solid state lighting and control products at exceptional prices, whether on a supply only basis or as part of an integrated scheme.

The services we offer include consultancy, design (CAD/BIM), manufacturing, installation and post-contract support and maintenance – delivering a full turnkey package.

Our innovative approach to artistic, specialist architectural lighting allows us to marry off-the-shelf products with bespoke engineering solutions to create tailored, unique installations for our clients.

# capability & credibility

We are part of The PAI Group of Companies – three brands specialising in the design, installation and support of integrated audio, video, lighting and control solutions.

LTP Integration is based within privately owned 15,000 sq. ft. premises, which houses our management, design and operations teams.

As a group we operate locally, nationally and across Europe, with previous installations as far afield as America and the Far East.

Over the years, we've been very fortunate to work with some truly talented individuals and businesses. Here is a sample of some of our clients:
